

3446219 - Requirement to add custom fields in the reports FBL1N/FBL3N/FBL5N or FAGLLO3

Component: FI-AP-AP-D (Financial Accounting > Accounts Payable > Basic Functions > Reporting/Analysis/Display), Version: 1, Released On: 04.04.2024

Symptom

You have a requirement to add custom fields which need to be displayed in the reports FBL1N/FBL3N/FBL5N or FAGLLO3

Environment

- SAP S/4HANA 2021

Resolution

Please follow the below steps:

- Go to the standard structure:
 - For FBL1N/FBL3N/FBL5N, go to SE38 and mention the structure: **RFPOSXEXT**
 - For FAGLLO3, go to SE38 and mention the structure: **FAGLPOSE**
- Add the custom field by clicking on the Append option
- Now in order to populate data for the fields, you need to implement the Badi's:
 - For FBL1N/FBL3N/FBL5N, the Badi is **FI_ITEMS_CH_DATA**
 - For FAGLLO3, the Badi is **FAGL_ITEMS_CH_DATA**
- Once the above steps are done, the reports will have the custom fields with the data
